[LA Gear Looking to Come Back with Classics](#)

The late 80s and 90s darling, LA Gear, is on a comeback trail. The brand recently linked up with Sportie LA to re-release "stitch by stitch reproductions" of several of LA Gear's vintage styles. Originally released back in '89-'90 as part of LA Gear's "Unstoppable" line, the '08-'09 retros include the LA Gear K.A.J, the LA Gear Star Shooter, and the LA Gear Fire.

The "Unstoppable" LA Gear line is available now at select Sportie LA shops and will be more widely available in 2009.
